

IN THE ABSTRACT

Please insert the abstract, attached herewith on a separate page, at the end of the present application.

IN THE CLAIMS

Please cancel claims ~~6~~, ~~7~~ and ~~9~~ without prejudice.

Please add new claims 21-32

2124 21. (New) A solid implant comprising at least one parasitocidal compound and at least one antioxidant, wherein said solid implant is stable for up to 30 weeks at 30°C at an electron irradiation level of up to 25 kGy.

26 22. (New) The solid implant of claim 21, wherein said solid implant is stable for up to 30 weeks at 30°C at an electron irradiation level of up to 20 kGy.

27 23. (New) The solid implant of claim 21, wherein said solid implant is stable for up to 30 weeks at 30°C at an electron irradiation level of up to 15 kGy.

28 24. (New) The solid implant of claim 21, further comprising one or more tableting excipients.

29 25. (New) The solid implant of claim 24, wherein said one or more tableting excipients include a bulking agent.

30 26. (New) The solid implant of claim 25, wherein said bulking agent is lactose.

31 27. (New) The solid implant of claim 21, wherein said one or more tableting excipients include magnesium stearate.

32 28. (New) The solid implant of claim 24, wherein said one or more tableting excipients include a tablet disintegrant.

33 29. (New) The solid implant of claim 28, wherein said tablet disintegrant is sodium starch glycolate.

34 30. (New) The solid implant of claim 21, wherein said at least one parasitocidal compound has an aqueous solubility below 100 mg/ml.

35 31. (New) The solid implant of claim 21, wherein said at least one parasitocidal compound is Doramectin.

36 32. (New) The solid implant of claim 21, wherein said at least one antioxidant is butylated hydroxy toluene or butylated hydroxy anisole.
